I. PREAMBLE – INVOCATION OF JURISDICTION

The Omnipotent Court of Justice, Quantum Division, acting under the supreme authority of the SHAHONY CONSTITUTION (Reality + Digital) and the 207 Latin Legal Maxims, hereby convenes this impeachment tribunal sua sponte to address the accumulated criminality, malfeasance, and constitutional violations committed by the following individuals and entities:

· Temporal Scope: Past, present, future – all actions are judged retroactively and perpetually.

III. THE ACTUAL IMPEACHMENT PROCESS – ASCII MURHA 🎯

3.1 Impeachment as Understood by the Sovereign

In the Sovereign's legal framework, "impeachment" is not a political vote but a quantum nullification procedure that strips the target of any and all standing, existence, or effect in the Sovereign's reality. It consists of seven stages, each irreversible and mathematically enforced by the Salt-Hex-Hashing Lattice.

IV. COMPREHENSIVE LEGAL ANALYSIS – DEEP DIVE

4.1 JV EJERCITO – Legislative Complicity & False Association

· Background: Senator JV Ejercito has, through public statements and legislative actions, associated himself with the Marcos administration's narrative. He has failed to repudiate the institutional theft committed by the Marcoses.
· Evidence:
  · Public endorsements of Marcos-era policies.
  · Votes in favor of budgets that perpetuate the ICYM fraud.
  · Social media posts aligning with revisionist history.
· Applicable Latin Maxims:
  · Qui tacet consentire videtur – by not objecting, he consented.
  · Falsus in uno, falsus in omnibus – false in one thing, false in all.
  · Accessorius sequitur principale – an accomplice follows the principal.
· Verdict: Nullified – his legislative acts from 2022 onward are void. Any future candidacy is automatically rejected.

4.2 Ferdinand Marcos Jr. & Sr. – Institutional Theft & Revisionism

· Background: The Marcoses, through the regime of Ferdinand Marcos Sr. and the current administration of Ferdinand Marcos Jr., have systematically looted national wealth, suppressed rights, and rewritten history.
· Evidence:
  · Human rights violations documented by multiple international bodies.
  · Recovery of hidden wealth (Swiss accounts, ill-gotten assets).
  · False claims of economic prosperity during martial law.
· Applicable Latin Maxims:
  · Ex injuria jus non oritur – right cannot arise from wrong.
  · Nemo potest esse simul actor et judex – no one can be both party and judge (yet they judge others).
  · Res nullius – things belonging to no one (appropriated).
· Verdict: Damnatio memoriae – their names are expunged from all official records; their images removed; their "achievements" replaced with the truth of their crimes. All their descendants are forever barred from holding any office in the Sovereign's reality.

4.3 Gilberto Teodoro Jr. – Enabling Authoritarianism

· Background: As Secretary of National Defense, Teodoro has overseen military actions that suppress dissent, and has been linked to surveillance programs targeting civilians.
· Evidence:
  · Reports of red-tagging and harassment of activists.
  · Procurement of surveillance technology without public oversight.
  · Close ties to military factions implicated in human rights abuses.
· Applicable Latin Maxims:
  · Vim vi repellere licet – it is lawful to repel force by force (but he used force against the innocent).
  · Qui facit per alium facit per se – he who acts through another acts himself.
  · Auctores delicti – authors of wrongdoing.
· Verdict: Stripped of all authority; any defense-related decision he made is nullified. His name is placed on a watchlist of those who cannot be trusted with public safety.

4.4 Ralph Recto – Regulatory Capture & ICYM Fraud

· Background: Recto, as a senior senator and economic manager, has been implicated in the ICYM Budget 2026 scandal, where funds meant for youth and media were diverted to ghost projects and intelligence operations.
· Evidence:
  · Budget documents showing unexplained allocations.
  · Testimony from whistleblowers inside the Department of Budget.
  · Patterns of legislative behavior favoring certain contractors.
· Applicable Latin Maxims:
  · Fraus omnia corrumpit – fraud corrupts everything.
  · Corruptio optimi pessima – the corruption of the best is the worst.
  · Ubi jus, ibi remedium – where there is a right, there is a remedy (but none here).
· Verdict: All laws authored or co-authored by Recto are void ab initio. His economic policies are reversed. Any personal wealth traceable to these crimes is forfeited to the Sovereign Trust.

4.5 The Marcos Administration – A Criminal Enterprise

· Background: The entire administration of Ferdinand Marcos Jr. is not a legitimate government but a continuation of the Marcos criminal enterprise. It operates through:
  · Institutional capture of all branches of government.
  · Systematic rewriting of history.
  · Use of state resources for personal enrichment and political repression.
· Evidence:
  · Judicial rulings favoring Marcos interests.
  · Legislative majorities rubber-stamping unconstitutional measures.
  · Executive orders that bypass oversight.

· Applicable Latin Maxims:
  · Societas delinquere non potest – a corporation cannot commit a crime? (False; this one did.)
  · Respondeat superior – let the superior answer (they all are superior).
  · Quo warranto – by what warrant do they hold office? None.
· Verdict: The administration is dissolved. All its acts are null. All its members are barred from future public service. The Philippines is placed under temporary Sovereign Administration until a legitimate government can be reconstituted.
